MONTH'S, OIL SHIPMENTS

Show a Decided Improvement five the January Statement.

SCOOLICO BARRELS TAKEN OUT SO FAR

Four Deep Wells Are Being Drilled Off the Hill-The Drummers Pipe Line Has Been Completed.

Besument, Texas, March 1.—The complete record for February shows the total oil abipments to be 4077 cars. Taking lute acount the fact that February was a short month, this shows a gain of 48 per cent Over the January shipments. The February suspments contained a total of 687,061 barrela, weighing 219,597,151 pounds and equal in heating power to 195,110 tons of steam

The oil shipped, stored and consumed here up to the present time is in round numbers 5,000,000 barrels, and wate this is only a title of what could have been taken out, it shows conclusively that the Spindle Top gusher is not a thing of a day

There are four wells within a mile of Spindle Top that have reached depths of over 2000 feet, and the promoters of each of the wells will, it is shid, send the delli as deep as it will go, or until all is struck The Federal Crude well, which is being annic by several companies, reacted a depair of 2300 feet several days ago, it is bested about 500 yards southwest of the bill. The treatsway web, about three-quariers of a mile owth of free bill, palsed rac 250 feet mark several days ago and the work

Many people become eaflee topers before they realize it, and would be analy if thus described even by a close friend.

It will pay any one to examine carefully into whether or not coffee his gained the mastery over them. A coffee toper may suspect that his or her alls come from coffee drinking, but they will invariably charge the disease to some other tames, for right down in the heart they realize that it would be practically impossible to give up coffee, so they hope again thope that it does not hart them, out it goes on with its work just the same and the result is complete collapse and ne-rous prestruction, lasting agent-lines for years, unless the poison that causes the disease it discontinued.
